Sorry, I have been behind on everything.

Wife having foot surgery, and still recovering from her 2nd fall and brain injury in two years.

Then I tore a "meniscus" in my knee, so I need knee surgery.

Neither one of us can walk much, which is a big limit.

I have a standard-shift car, so neither can drive either.

The bee-quick has not yet been bottled, but will be ASAP.

We had a slow-down on the bottles, had to find a different supplier and a price we could afford and buy MORE bottles, and hope that the other guy comes through in time for the next bottling run.

Hi Jim,

Sure do wish you'd respond to my concerns for delivery on the Bee-Quick.

My 1st email was a month ago. Another one after that and a phone call yesterday.

50 backorders and rising.

Please let me know when we can expect to see the goods.

Thanks,

Betsy
